

# Easy, fast mental health support for your employees

Flourish is a program that gives your employees guaranteed access to a trained mental health professional—without the hassle of insurance, EAPs, co-pays, or long wait times.

## Highlights:

- Appointment scheduled with a counselor within 3 working days
- Individual counseling via phone or video with flexible times (evenings, lunch hours, weekends)
- No burdensome “intakes” or other hoops to jump through
- Switch counselors at any time
- Substance use disorder counseling, EMDR & Couples counseling available

Cost **\$139 per session**

*Billed monthly*

## Flourish is as easy as 1, 2, 3!

**1.**  
Send a text!

**2.**  
Hear back from a real human!

**3.**  
Set up a phone or video counseling appointment within 3 days!

## What employees say about the Flourish Textline:

"Extremely easy establishing care, quick and easy text messaging for appointments. Simple straightforward communication made the process easy!"

"So professional and warm; super easy to use, to schedule and reschedule appointments!"

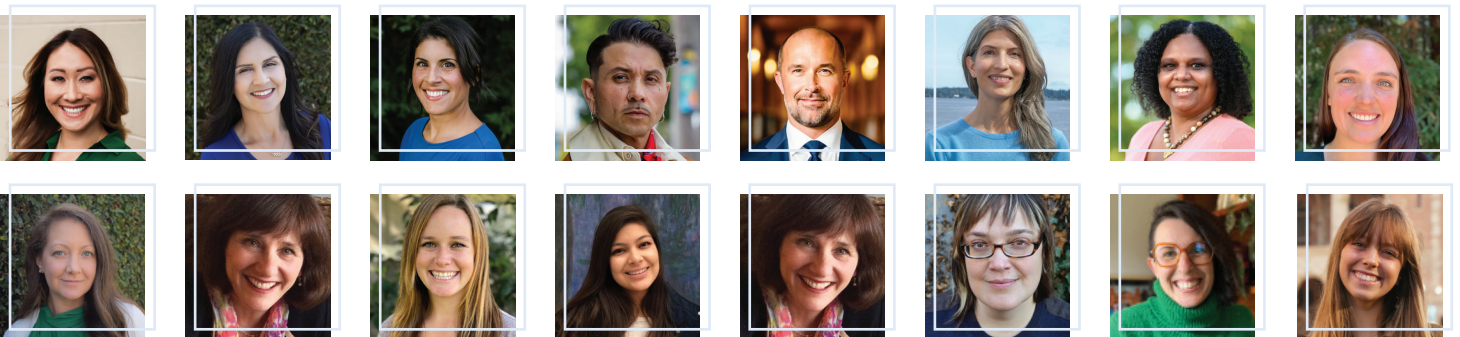

## What employees say about Flourish Counseling Services:

"My counselor is able to hold truly non-judgmental space during our sessions. He brings compassion and understanding in a deeply professional and effective way and I feel that I've grown as a person due to these last 6 months of counseling."

"My counselor is amazing. Really listens and asks questions that really help me look inward. She gives me practical tools and is incredibly caring and understanding. I trust them very much."

"The accessibility of services (ease of scheduling and availability of appointments) and caliber of counseling provided have been so valuable as I work through some hard things personally and professionally. Since this services is sponsored by the employer, it feels important to share that these services have been critical in supporting me in staying and being successful in my present role."

## Meet Our Team

**Our team is built on equity and inclusivity foundations; we represent varied ages, life experiences, genders, sexual orientations, races, ethnicities, and native languages.**
